

PROHIBITION RESULT HANGS IN DOUBT

DRY VOTE
IS CLOSE
IN OHIO

Columbus, O., Nov. 7.—Fate of the federal prohibition amendment was made more uncertain today as additional returns from Tuesday's election were received at the office of the secretary of state. Complete unofficial and official returns from all but ten counties gave the vote a lead of 9,154 against the amendment. The ten missing counties a year ago gave dry majorities of 6,237.

The vote in the 78 counties on the federal prohibition amendment was: For ratification, 461,926; against ratification 471,080. Majority against ratification in favor of the vote, 9,154.

On the three remaining proposals, the drys apparently have been successful on two and the wets on the other. The dry victories which are conceded by the wet leaders are on the 2.75 per cent beer proposal and the proposition to repeal state-wide prohibition. Both these proposals apparently have been defeated by majorities ranging from 15,000 to 30,000. The wet victory was scored on the Crabbe state prohibition enforcement measure which probably has been defeated by more than 30,000. The dry leaders concede its defeat.

COLUMBUS, O., Nov. 7.—Actual returns reported to Secretary of State Smith from 64 out of 88 counties still show the wets leading on all four of the prohibition proposals submitted Tuesday to Ohio voters. These returns, however, are disputed. L. H. Gibson, manager of the Ohio Home Rule Association, (the wet organization) conceding the loss of two of the proposals and J. A. White, manager of the Anti-Saloon League forces, claiming the drys have won all four proposals.

Statistics in the office of the secretary of state predict that at least one of the proposals will be state prohibition enforcement act, will be won by the wets and that the final result of the ratification of the state legislature's endorsement of the federal prohibition amendment will be close. They say the other two proposals, the repeal of state-wide prohibition and the 2.75 beer proposals will be defeated by the drys as the majorities are so small they will be easily overcome by the 24 counties yet to report, most of which gave substantial dry majorities a year ago.

Gibson concedes the defeat by the drys of 2.75 beer proposal and the proposal to defeat state-wide prohibition. The wets, he states, won the Crabbe prohibition act and the federal prohibition amendment.

CLOSE IN KENTUCKY
LOUISVILLE, Ky., Nov. 7.—Although unofficial returns on Tuesday's balloting on the state-wide prohibition amendment from 84 of the 120 counties of the state indicate a majority of 564 votes against the amendment, Kentucky Anti-Saloon League officers predicted today that returns from the remaining 36 counties would wipe out this figure and register a "dry" majority of 5,000 votes. They said they had no doubt that the amendment would carry "as those counties not heard from are unanimously dry."

FIVE MARSHAL RESIGNS.
COLUMBUS, O., Nov. 7.—State Fire Marshal T. Alfred Fleming of Cleveland, today announced his resignation to become effective November 15. Governor Cox is expected to appoint W. B. Leonard of Cincinnati as his successor. Mr. Fleming becomes director of conservation of the United States for the national board of fire underwriters.

KILLED IN AUTO CRASH.
MASSILLON, O., Nov. 7.—Otto Imgelhofer was instantly killed and Walter List sustained a fractured skull this morning when the automobile driven by Imgelhofer skidded and overturned near here.

GARDENERS FINED.
TOLEDO, Nov. 7.—The Toledo Gardeners' Exchange as a corporation was fined \$50 and each of its officers were fined \$10 late yesterday by judges of the circuit court of appeals for continuing to do business after this was forbidden by a restraining order.

STRIKE IS SETTLED.
COSHOCTON.—The strike of yard employees at the plant of the Coshocton Glass Co., was settled by the granting of the \$3.50 wage asked. The eight-hour proposition will be referred to the national glass blowers' union.

PREACHES ON 87th BIRTHDAY
LANCASTER.—Rev. A. J. Swartz, who has been in the ministry for many years, preached at the Maple Street chapel on the evening of his eighty-seventh birthday.

POTATOES AT \$1.00.
HAMILTON, O., Nov. 7.—James A. Murphy, factory superintendent and "Potato King" today was disposing of a carload of "Murphies" at \$1.00 a bushel in his consistent fight against the high cost of living. Murphy's sixteenth carload of potatoes this season.

Air Liner Sails
On First Trip
For Chicago

INDIANAPOLIS, Ind., Nov. 7.—The giant Lawson air passenger liner left the motor speedway here Thursday bound for Chicago. Eleven passengers, including three women, were aboard.

Alfred W. Lawson, designer of the line, before starting, said he had reports that the weather was bad for landing in Chicago and, if such proved the case, he probably would go on to Milwaukee. The women on board were: Mrs. Charles Cox, of New York, wife of the pilot; Miss Mary Bostwick, an Indianapolis newspaper woman, and Mrs. William Edward Hays, who carried an order from the Marion County Tuberculosis Association for \$26,000 worth of Red Cross Christmas seals.

COAL SITUATION
BEFORE CABINET

WASHINGTON, Nov. 7.—The strike of bituminous coal miners in particular and the industrial situation in general were discussed by President Wilson's cabinet today at a special meeting called by Secretary Lansing of the state department. Fuel Administrator Garfield and Director General Hines, of the railroad administration were present.

Before the cabinet assembled administration spokesmen reiterated that the government was unalterably opposed to the proposal of Samuel Gompers, president of the American Federation of Labor that the injunction suit against the United Mine Workers of America be withdrawn as a preliminary to the ending of the strike and the negotiation of a new agreement between the two organizations.

Officials said that the government's offer to arbitrate the controversy as soon as the strike order was withdrawn was upon that unless it was accepted and the strike ended there was no course for the government except to press the injunction suit.

Before Attorney General Palmer went to the cabinet meeting, Samuel Gompers, president, Matthew Woll, vice president and Frank Morrison, secretary of the American Federation of Labor called on him and were informed that the government had not altered its decision to press injunction proceedings unless the strike order was withdrawn.

Big Still Raid
at Columbus
COLUMBUS, O., Nov. 7.—Eight stills, fashioned from milk and oil cans, several cases of bottled whiskeys and wine, tubs and barrels of corn and raisin mash, boxes of raisins, buckets of cracked corn and jugs of brandy were confiscated and thirteen men, all foreigners, were arrested by the police today.

The police say their raid uncovered the biggest system of illicit whiskey distilling in the history of Columbus. Most of the evidence was taken to the city prison where it will be turned over to federal authorities.

SALEM GOES OVER TOP
CLEVELAND, O., Nov. 7.—Salem, Ohio, is the first town to go over the top in the lake division in the Third Red Cross roll call, with an extra enrollment of five hundred members. Cities in Ohio, Indiana and Kentucky are competing to be among the first to report one hundred per cent of the quota obtained. The leaders in the race, according to figures today at headquarters here, are Toledo, Indianapolis, Cincinnati and Louisville. Toledo claims to be half way over its quota of 90,000 members.

POLITICS CAUSES RIOT
RICHMOND, Va., Nov. 7.—Police sent from this city to Cumberland to help quell a threatened outbreak between political factions, returned late last night with the report that no disorder had occurred. Request for the officers, it was said, was made by County Judge Hundley, who feared an outbreak on completion of the count of the votes from Tuesday's election for county clerk.

PAPER SITUATION
IS DESPERATE
Times readers are asked to hear with us in a time of extremely desperate newspaper conditions. It is almost impossible to secure paper at any price, and it is imperative that this paper, as well as all others, make the available supply suffice. For this reason the Times will limit its editions to available news and only advertising copy will be given the preference.

No news and features will be eliminated, but all matter be condensed and smaller type will be used, as necessity demands.

WOMEN KEEP UP
RIOTS AT MILLS
IN YOUNGSTOWN

YOUNGSTOWN, O., Nov. 7.—Minor disturbances broke out in widely separated parts of the city today in connection with the steel strike. Twelve women arrested in East Youngstown after they had marched up and down the streets and attempted to prevent workmen entering the Youngstown Sheet and Tube Company plant.

Other disturbances included: A workman beaten while on his way to a mill; picket stabbed by a negro workman whom he accosted; another negro held for carrying a knife; picket arrested after entering the Carnegie Steel Company plant and attempting to persuade workmen to come out; a striker jailed for assault; five men arrested for carrying concealed weapons. A street car carrying men to the Republic Iron and Steel Company and the Youngstown Sheet and Tube Company was bombarded with bricks, several passengers being cut by flying glass. A passenger fired three shots into the air. It is said dispersing the mob before police arrived.

The Republic Iron and Steel Company today reported resumption of operation in its plate mills, while the Ohio works of the Carnegie Steel Company announced the blowing in of another blast furnace making four of its six stacks in operation.

Probe Attempts
To Dynamite
3 Street Cars

KNOXVILLE, Tenn., Nov. 7.—Major General Lewis, commanding federal troops in Knoxville is investigating three attempts to dynamite street cars manned by non-union crews and the firing into a moving car of a \$4,000. Two of the attempts to blow up cars failed because dynamite placed on the tracks was not primed with percussion caps. The third attempt was more successful, a dynamite explosion shattering glass in a passing car and demolishing the tracks. No one was injured.

Yesterday marked the first attempt of the street railway company to resume night schedule since the strike of its conductors and motormen several weeks ago, although daylight service was resumed a few days after the strike was called.

VIADUCT WIDTH
LEFT TO COURT

How many feet wide the proposed viaduct across the Lake Erie and Western railroad tracks will be is left to the decision of the court, according to an announcement made following a meeting of the city, county and railroad officials Friday morning.

The meeting took place in the council chamber, and other than the decision of the court there was nothing done.

Recently the county filed suit in common pleas court asking that an injunction restraining the company from using the tracks connecting the main yards with the south yards be granted. This injunction was asked for until a viaduct is erected. It is now determined to let the railroad company file an answer to the suit, and then take the entire matter before the court for it to decide just how wide the viaduct should be.

This viaduct has been a bone of contention between councilmen and officials of the railroad company for many months. The company contends that a 26 foot roadway with a five foot sidewalk is sufficient, while councilmen are holding out for a 32 foot roadway with a five foot sidewalk. The structure is to cost approximately \$195,000.

Illicit Still is
Raided by U. S.
Agents in Ohio

ALLIANCE, O., Nov. 7.—An illicit still conducted by foreigners at 239 North Mahoning avenue, East Side, was raided by officers last night. The outfit found consisted of an 18 gallon still with three barrels, 150 gallons of raisin mash.

The men, Sam Toperian, Joe Bostach, Joe Holmgar and Joe Honus were taken to Sebring where they are held awaiting federal action, the location of the still being in Mahoning county.

DEMOCRAT WINS MARYLAND
BALTIMORE, Md., Nov. 7.—With complete official returns of Tuesday's election from all of the counties of the state and five of the 204 wards of Baltimore, Albert C. Ritchie, democrat for governor had a plurality of 191 over Harry W. Nice, republican, according to democratic tabulations of the official and unofficial votes, when the election supervisors resumed their canvass of the city returns today.

Hohenzollern's
Family Doctor
Leaves Employ

AMERONGEN, Holland, Nov. 7.—The suite of the former German emperor at Amerongen has been reduced by five persons as a result of the departure recently for Berlin of his private physician, Dr. Foerster and family, who have been at Amerongen many months.

It is the gossip of the village that Dr. Foerster found it impossible to support his family on the meagre salary, in German marks paid by the former emperor, and that he has returned to general practice in Berlin. A military surgeon, Dr. Jenner, has arrived from Berlin to serve temporarily at Bentinck Castle.

PRESIDENT WILL
OPPOSE TREATY
COMPROMISES

WASHINGTON, Nov. 7.—President Wilson today told Senator Hitchcock of Nebraska, administration leader in the senate treaty fight, that he would be entirely satisfied with any reservations supporting the treaty might feel justified in accepting provided they did not nullify the league of nations covenant and were designed for the purpose of interpreting the terms of the treaty.

The president, Senator Hitchcock said, expressed "his very strong approval" of what had been done to date and agreed that no compromise would be offered unless a deadlock was reached on a resolution of ratification.

Senator Hitchcock outlined his program as first an endeavor to defeat the reservations reported by the foreign relations committee and if that failed, to vote down the resolution of ratification containing them. His next move would be to present a resolution of ratification and should a deadlock ensue, to attempt a compromise with republican opponents.

High German
'Officer Declares
For Monarchy

BERLIN—Colonel Reinhard, commander of the Berlin brigade of the National Defense Army, is quoted as declaring himself a monarchist. The army officer had denied the authenticity of the interview but Erich Dombrowski, of the Tageblatt, avers that he obtained the interview and that the colonel said:

"I make no bones of the fact I am a monarchist. When one has served the king and Kaiser for 30 years, one suddenly cannot say from tomorrow I am a republican. That is simply impossible. But do not be afraid. I consider the time being. The emperor forbids it. But what can happen in 10 years, how the conditions have altered, no one can tell. Naturally, a royal or imperial government as we had before the war will not do. But a democratic monarchy is conceivable."

IGNORE RED TARRING.
HAMILTON, O., Nov. 6.—The Butler county grand jury here made a report on the tarring and whipping of John E. Steiger, socialist leader, recently. The report reads that it was unable to ascertain who participated, or who were the instigators of the offense.

WARN ABOUT OLIVES.
COLUMBUS, O., Nov. 7.—Local health authorities were directed today by the state department of health to prohibit the sale of a certain brand of the olives which are alleged to have caused fatal poisonings at Canton several weeks ago and in Detroit more recently. Through investigations of all brands of olives and particularly the brand alleged to have been used in Canton and Detroit is ordered.

COAL SHIPMENTS ARE DENIED
TO FOREIGN OWNED VESSELS

WASHINGTON, Nov. 7.—Still hopeful that court developments at Indianapolis Saturday will point the way to an early ending of the coal strike, government agencies nevertheless placed forth renewed and more determined efforts today to protect the public against distress, almost certain to result from a protracted suspension of mining operations.

Realizing that the country is harvesting three times as much coal as the mines are producing, the railroad administration, the great coal distributing agency, through its recently formed central coal committee, took drastic action in ordering that the supplying of coal to foreign owned ships in American ports be stopped immediately.

With calls for assistance from communities suffering from a coal shortage growing more numerous, the railroad administration turned loose every available car to meet the appeals for fuel.

Orders went to regional directors of the nation's railroads from Director General Walter D. Hines to eliminate train service where absolutely necessary in the public interest, but it was officially announced that no general curtailment of service was contemplated.

The discontinuance of foreign tonnage bunkering was the first general step taken by the government since the coal strike began last Saturday toward curtailment of transportation. The Central Committee made it plain that American-owned ships and tonnage under the American flag would continue to receive coal supplies but all other vessels, the situation now exists, will be compelled to wait the end of the strike.

NAME OF SIMEON D.
FESS COUPLED WITH
THAT OF GEN. WOOD

Ohio Congressman Is Likely Vice Presidential Nominee.

POWER IN CONGRESS

Friends Imagine He Will Prove Asset to The Ticket.

Lima people, who follow the career of Simeon D. Fess, congressman from the Seventh Ohio District, are watching with interest the development of a quiet but persistent propaganda toward placing Fess in the race for vice-president of the United States. All this propaganda, however, seems to be entirely without the knowledge of Dr. Fess.

Simeon Fess is well known in Allen county, having been born near Harrod, and spending part of his life in Lima. He is now a resident of Yellow Springs, Ohio. Charles Fess, attorney of this city, is a brother of the congressman.

Political writers on metropolitan journals, east and west, are paying considerable attention to the movement, which links Fess' name with that of General Leonard Wood. Friends of Wood are developing in his behalf a full fledged boom for the Republican presidential nomination in 1920.

Need Ohio Man.
Fess' nomination is held to be logical by many of them, for if Wood is to be nominated he will need the joint support of a strong Ohioan on the ticket. Fess is becoming a stronger factor, nationally, than most of his Lima friends realize.

As directing head of the Republican campaign organization in Congress he has taken the lead in consolidating party forces in many states. As a level-headed congressman, who knows whereof he speaks, he has become a power in the national House of Representatives.

For some time it has been a foregone conclusion that, should Senator Harding decline renomination for the upper branch, Fess would be head and shoulders above all others considered for the place. Fess' remarkable ability as a legislator and his outstanding personality which has made him a power in congress, assures him just consideration. But, it appears Harding is by no means inclined to relinquish his hold upon this post in exchange for the elusive presidential nomination.

TO RAISE COTTON PRICE.
COLUMBIA, S. C., Nov. 7.—A movement to retire two million bales of cotton from the market in an effort to force a rise in prices has been launched by the American Cotton Association, a growers organization, according to a statement issued here by its president, I. S. Wannamaker, who last night said a recommendation to this effect had been sent members of the association.

TRY TO DYNAMITE HOME
YOUNGSTOWN, O., Nov. 7.—An attempt was made early today to dynamite the home of Joseph Anczola, meat dealer here, who had received letters threatening death unless he put \$6,000 in a designated place.

Two Deaths From
Bubonic Plague

NEW ORLEANS.—Four cases of bubonic plague, two of which resulted in deaths, were reported last week in New Orleans, according to an announcement today by Dr. Oscar Dowling, president of the Louisiana health board.

Health officers of five southern states and of the cities of Memphis, Mobile, Shreveport and Baton Rouge, were advised of the situation today by Dr. Dowling.

U. S. ATTORNEYS
READY FOR COURT
FIGHT ON STRIKE
INDIANAPOLIS, Ind., Nov. 7.—Government officials, headed by C. B. Ames, assistant attorney general, who arrived this morning from Washington, today completed their plans for the next step in their fight in the courts to bring about an end to the strike of coal miners throughout the country.

Tomorrow the government's petition asking that the restraining order directed against the officials of the United Mine Workers of America, now in force be made a temporary restraining order, will be argued in federal court here. In addition the government will ask that a mandatory order to call on the strike be issued.

The miners' attorneys, on their part will argue a motion for dismissal of the government's proceedings on the ground that the government has not shown its interest in the miners' controversy and that it is without equity in the matter.

HOTEL FIRE
IN ATLANTA;
3 LIVES LOST

ATLANTA, Ga., Nov. 7.—At least three persons lost their lives and nearly a score injured, several seriously, in a fire in the Wilson hotel here early this morning. Damage to the building at Peachtree and Walton streets in the downtown section, was confined to the interior. Scores of men and women were rescued by firemen. One of the dead was a woman who leaped to the street before the firemen arrived. Fire Chief Cody said he feared more bodies might be found in the building.

The fire apparently broke out in the second story of the three story building, the ground floor of which is occupied by stores and a moving picture theatre. Great damage was done to the interior of the hotel. The loss had not been estimated early today nor had the cause been determined.

The flames when discovered had burst out the windows along the side of the building and five minutes later were sucked up toward the roof. By the time the firemen arrived scores of men and women were hanging out of windows screaming for help. One woman leaped to her death but the others who escaped the flames brought down on fire ladders.

The injured were rushed to the city hospital, where it was said two or three might die.

Great Britain
Breaks Record
on Divorce Suits

LONDON, Oct. 7.—England and Wales have furnished a record number of cases for the new term of the Divorce Court in October. It is expected that there will be about 2,000 cases or more than double the total for any previous list. About half these will be brought by people of small means, who have taken advantage of the facilities offered by the official bureau which has been established since the war began to assist the poor people in obtaining relief in the Divorce Court without going to the heavy expense which the ordinary procedure involves.

There has been a steady increase in the number of divorce cases in this country since the beginning of the war and the problem has been receiving much public attention. Two parties have grown up, one favoring more liberal divorce laws, and the other decrying the growing number of separations of this kind. As to the cause of the increase there is a divergence of opinion.

RAIDING LOAFERS
ASHTABULA, O., Nov. 7.—The fact that four little girls were accosted here last night by strange men has led to a general campaign by police against corner loafers and strangers who cannot give good account of themselves. Three of the girls held up last night were shot at by a negro when they ran.

LOCATE MISSING MAN
CONNEAUT, O., Nov. 7.—J. Howard McIntyre, school principal who mysteriously disappeared from here a week ago today, is said to have started to work for an insurance company at Canton, Ohio, last Monday, under the name of Fred McIntyre, according to word received here today from the Cleveland police department.

Waves Red Petticoat
and Prevents Wreck

ROME, Ga.—Waving his wife's red flannel petticoat, Morgan Smith, of Lavender, Ga., flagged a passenger train on the Central of Georgia and brought it to a stop within a few feet of a broken rail, thereby preventing a disastrous wreck. A southbound freight train had evidently broken the rail. Young Smith, who resides near by, was passing the place, noted the break and knowing that the train was dangerous and flag the northbound train that was laden with hundreds of pleasure seekers bound for the Chattanooga county fair at Summerville.

BOILER BURSTS, 3 KILLED
CONNEAUT, O., Nov. 6.—Three men were probably killed this afternoon when the boiler on a Bessemer and Lake Erie railroad freight engine blew up six miles southeast on here near the Pennsylvania state line. Fireman Grant Noel was found dead, a brakeman is said to be dying and the engineer cannot be found.

BAN ON IRISH LOVE
DUBLIN, Nov. 7.—Love making by the girls of Ireland with members of the British government forces has been proscribed by the Irish republican army. Any girl keeping company with a government soldier or policeman will be penalized by having her hair cut off. One girl has already suffered the penalty, losing her tresses for walking out with a soldier.

BRITISH WOMEN PROGRESS
LONDON—English women are beginning to wear monocles. Not only are they adopting them for home wear but are appearing on the streets so adorned.

WORLD ANTI SALOON LEAGUE TO MEET IN GLASGOW, 1920

WESTERVILLE, O., Nov. 7.—Preliminary arrangements for the first annual meeting of the World League Against Alcoholism, to be held in Glasgow, Scotland, next October, are being made here by Ernest H. Cherrington, executive secretary of the league and an official of the Anti-Saloon League of America.

When the League was formed in

We've Heard This Often

We often hear people say: "My Eyes are Perfectly Strong."

Don't make that boast until you have had your eyes examined. Remember that slight eye defects seldom register their effects in the eye itself. They draw upon some other part of the system and many a slight disorder, whose cause you may have been at a loss to know, may be due to the presence of unsuspected eyestrain.

We are best qualified to supply the glasses you need.

Washington in June of this year. Mr. Cherrington said today, representatives of twenty nations signed the constitution. Such progress has been made, however, he added, that when the convention meets next fall at least fifty nations will have representatives present.

Before the Glasgow convention, Mr. Cherrington said, a number of officials and quasi-official representatives of several European governments will visit the United States and Canada to study the working out of prohibition.

The Glasgow conference, he said, probably would result in the adoption of a definite program of temperance work in each county signatory to the League constitution, and of missionary work in countries that do not now have organized temperance activities. Status of dependent peoples and aboriginal races also will be taken up. He said that the conference will consider the formation of an international temperance news bureau.

Holding of the convention in Glasgow, he asserted, is expected to have effect on the local option elections that will be held in Scotland next fall.

Mr. Cherrington announced that delegates of the United States and other countries would be represented at the convention of the World Sunday School Association in Tokyo next year.

KENTUCKY GIRL RIDES ROOF OF BOXCAR

CRAIOVA, RUMANIA, Nov. 7.—Riding on the roof of a boxcar through 150 miles of Rumanian mountains, Miss Georgia Watts of Lexington, Ky., carried a consignment of much-needed medicines and surgical supplies from Bucharest to the American Red Cross hospital here.

The outbreak of a sudden epidemic of typhus demanded the immediate receipt of certain supplies which could not be obtained from the American warehouses in Bucharest. Miss Watts offered to make the trip. "There was not an inch of space left in any one of the freight cars," Miss Watts, who had carefully packed her supplies in small cases with an eye to some such contingency, obtained the consent of the stationmaster, the crates of medicines were tied to the roof of the boxcar and Miss Watts mounted to a place for it. As the train climbed tortuously up a crooked mountain trail, across many bridges and through numerous tunnels. She arrived safe and sound at her destination with her precious freight.

High School to Help Red Cross

Lima high school students will participate in the Red Cross membership drive, according to an announcement made Friday by W. C. Bradley, Red Cross campaign chairman. Teams will be formed at both schools under the supervision of the teachers and principals, who will direct the movement. South high will cover 13 precincts in Lima, and Central 25 precincts. It is hoped to cover the city thoroughly next Tuesday, Armistice day. At noon the captains and team workers will report at their respective schools, where buffet lunches will be served in the cafeterias. Campaign speeches were made today by Rev. Kirk O'Ferrall at Central high and Rev. Cecil Franklin at South high. County school Superintendent Arganbright has sent personal letters to all of the teachers under his supervision, to promote interest in the drive among their students, and also to observe Armistice day in an appropriate manner, by devoting a period on that day to a review of events leading up to that historical day.

SOUNDED LIKE AN INSULT

"I'm not in the loafers' class, am I, mother?" queried Virginia, aged 6, when she returned from school Friday. "Why child! Why do you ask? Who said that you were?" asked her mother. "Mary (a playmate) said I was." "Well, when Mary stops for you the next time, mother will ask her about it." All Mary said was that she was in the "low-first" class.

British Royalty Sets Example of Strict Economy

(ASSOCIATED PRESS DISPATCH)
LONDON, Nov. 7.—Several members of the royal family have been setting an example in the matter of economy. With the exception of King George, all of the more subject to taxation in precisely the same manner as any other subject, and it is said that many of them are finding it impossible to maintain their former state.

Some time ago, the Mother Queen Alexandra, decided to dispense with two of the three police chauffeurs formerly employed at Marlborough House, and she has in contemplation other reduction. The Princess Christian also has decided to dispense in future with all of the male indoor servants she employed the past, and these are all now being replaced by women.

The latest royal economy involved the King's Council, the last session of which was held at Balmoral Castle, Scotland. It has always been the custom for some of the councilors and the clerk to go from London to the councils at Balmoral, but owing to the high cost of travel, it was arranged that the Duke of Connaught, the Lord Chamberlain and Lord Stamfordham, the King's secretary, should act and so obviate the cost of the journeys to the government.

HEALTH MEETING DELAYED

The regular meeting of the board of health to have been held Thursday night in the mayor's office was postponed until next week, as they lacked a quorum. Two of the board members are ill, and one of them was out of the city at the time.

COMEDY AS WELL AS TRAGEDY SHOWS IN WAR RISK DEPT.

Bureau Is Working on a
Sixteen Hour Basis
Now.

MAIL IS ENORMOUS

Pride and Conscience
comes up in Replies of
Many Dependents.

WASHINGTON.—Much of the humor and some of the tragedy of the war are poured daily into the Bureau of the War Risk Insurance, which has the enormous task of administering the insurance and allotment accounts of all men in the military service.

At the first of the month the letters arrive at the rate of 140,000 a day, later falling to 40,000 or 50,000. Between 75,000 and 100,000 pieces of mail are sent out daily. Remittances for insurance premiums numbered 1,203,792 between July 14, and October 7, having a value of \$9,784,186.

Handling such a tremendous quantity of mail, dealing with men

where names in scores of instances are identical necessitates the most painstaking accuracy, to assure that the proper account is credited. One mother who wrote to ask about an allotment made by her son Jim was asked to be more specific in identifying the soldier. She wrote back, "What idiotic name in her motherly pride." "You must have noticed Jim, because he's six feet tall."

The Bureau is constantly reminding persons with whom it has dealings to send notification of any change in address. One person took this injunction very literally.

"Dear Government," she wrote, "This is to let you know I am staying a while with my folks at Simpson's Falls."

Manifest willingness to obey the law and the honesty of the average American are portrayed in most of the letters, but in none better than the one replying to a formal inquiry whether the mother of a certain soldier who asked a government allowance for her, had any support. She conscientiously replied: "Only Fred's boys."

The mail section of the Bureau has been put on a 16-hour basis to keep the handling of mail strictly current. One shift works from nine to five each day, another coming on at one o'clock in the morning to work until nine. Great mail trucks make hourly trips to the postoffice, day and night.

Letters containing insufficient information—and there are many of them—entail great trouble. They are turned over to index-searchers who comb the files for other papers until the case in question is beyond doubt. This group of employees works from five until midnight.

"Bet I Kin" English Failed to Get Job

And it thus happened.

ACT 1
(Anteroom of office. Young man waiting to seek position.)

Y. M. (half aloud):—"BET I KIN hold the job if I get it." (Knocks at manager's door and is admitted.)

ACT 2
(Manager's office. Manager greets young man.)

Manager—"What can I do for you?"

Y. M.—"I'd like T'PLY for the POSITION you put 'N'ada in the paper FOR."

Manager—"Have you ever worked?"

Y. M.—"SURE, I DONE well in the last place."

Manager—"I'm sorry, but we only employ men who speak English. Good day."

ACT 111
(Anteroom of office. Dazed young man passes out.)

Y. M.—"WELL, DON'T THAT BEAT ALL."

"I love the United States of America. I love my country's flag. I love my country's language."

"I promise:
"1—Not to dishonor my country's speech by leaving off the last syllables of words.

"2—To say a good American 'yes' and 'no' instead of an Indian grunt.

"3—To do my best to improve American speech by enunciating distinctly and speaking pleasantly and sincerely.

"4—To try to make my country's language beautiful for the children of foreign nations who come here to live."

In one room you might find a chain of paper each link bearing an incorrect form.

And if little son comes home with a placard reading "Tag you English" or "Mumbled Words. Muddled Thoughts," and hangs it up in the living room, maybe you will sink down behind your newspaper to avoid the personal application which is sure to be felt.

Could you live up to this pledge that pupils will sign?

FINLAND MAY JOIN ANTI-BOLSHEVIKI

People Reluctant, but Powerful Influences Abroad Urge Nation of War.

HELSINGFORS, Finland.—Finland, facing the possibility of war, is waiting breathlessly on the verge of a decision.

While continuing defensive fighting on the border, barring the way to the Bolsheviks, the government and people generally appear extremely reluctant to enter upon the hazardous undertaking with the serious consequences entailed by actual aggressive support of Yudenitch, but powerful pressure from abroad and from a relatively small but influential element at home is constantly being exerted to align Finland with the Russian whites.

It is regarded as certain, however, that Finland will not interfere unless the entente will guarantee the fulfillment of her conditions.

M. Vennola, prime minister of Finland, Oct. 30, stated the Finnish demands to be recognition of her independence and certain territorial concessions by Russia, the entente to guarantee the stipulation and to bear the cost of fighting.

The pro-interventionists assert it will be impossible for Russia to accept the suggested conditions. Premier Vennola and Foreign Minister Holsti have outlined to the Asso-

ciated Press the Finnish government's attitude.

"It seems absurd," said the foreign minister to send an army to help Yudenitch, when the Russian general, Bermond, refuses aid. The fact that the whites themselves are not unanimous makes it difficult to decide finally with whom to form an alliance. Our internal situation is bad. Living is expensive and exchange unfavorable."

"If we opened hostilities food would become still higher and exchange lower. If our assistance were needed for only a few months we might risk intervention, but we are sure that we would be compelled to continue military operations indefinitely, as the Russians in Petrograd would require much time to form a stable government and organize an army. Therefore, when, in addition, a large percentage of the population are Socialists who are absolutely opposed to war, the government is of the opinion that it is impossible for us to offer Russia aid for a long period."

"Our decision does not imply a hostile attitude to the Russians. We are sheltering more refugees than any other country and are preparing to send the northwestern government foodstuffs we need ourselves."

The premier pointed out that Finland had performed an important guard duty in preventing Bolshevism from spreading to western Europe.

strength of which Finland achieved independence. Labor here, as in the western nations, is against intervention. So long as the western powers do not take effective steps to intervene, Finland thinks the task is too big for her."

Cave Man Would Battle Joe Beckett

NEW YORK, Nov. 7.—Bob Moha, the Milwaukee "cave man," has entered the field as a prospective opponent of Joe Beckett, England's heavyweight champion. Moha is reported in good physical condition and eager for a chance to avenge the defeat of Eddie McCorty, the Oklahoma boxer, who was knocked out by Beckett. Already a challenge has been sent to Beckett, together with notice of the posting of \$5,000 as a guarantee of good faith on the part of Moha.

MOTHER WAS SILENCED

"Mabel," said her mother, "it seems to me that you had the gas turned rather low while young Huggins was here last evening."

"It was purely for economy sake, ma."

"There is no use trying to hear the gas company, my daughter. I've noticed the shutting off of the gas is followed by a corresponding increase of pressure."

"Well, that lessens the waste, doesn't it, mother dear?" replied the artless girl. And her fond parent could not find an answer.—Boston Transcript.

PRESIDENT CALLS FOR OBSERVANCE OF THANKSGIVING

WASHINGTON, D. C.—President Wilson set aside Thursday, Nov. 27, as Thanksgiving day, in a proclamation which said the country looked forward, "with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace." The proclamation follows:

"By the President of the United States of America

"A PROCLAMATION.
The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which he has conferred upon our country during the twelve months that have passed.

"A year ago our people poured out their hearts in praise and thanksgiving for the triumph of the right over the wrong which had come to the nations which had so courageously struggled in defense of human liberty and justice.

"Now that the stern task is ended and the fruits of achievement are ours, we look forward with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace.

"But to attain the consummation of the great work to which the American people devoted their manhood and the vast resources of the country, we should, as they give thanks to God, rededicate themselves to these principles of right which triumphed through their heroic efforts. Our attitude toward the principles for which we have fought should be one of perfect expression and of unflinching loyalty and patriotism. These principles for which we have fought should be the guiding light of our lives.

"During the last year we have had much to make us grateful. In spite of the confusion in our economic life resulting from the war we have prospered. Our harvests have been plentiful and our abundance we have been able to render succor to less favored nations. Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization.

"These great blessings, vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of our duty to ourselves and to mankind to see to it that nothing we may do shall mar the completeness of the victory which we have won.

"No selfish purpose animated us in becoming a participant in the world war, and with a spirit of unselfishness we should strive to aid by our example and by our co-operation in realizing the enduring welfare of all peoples and in bringing into being a world ruled by friendship and good will.

"Therefore, I, Woodrow Wilson, President of the United States of America, hereby designate the 27th day of November, next, for observance as a day of thanksgiving and prayer by my fellow countrymen, inviting them to cease on that day from their ordinary tasks and to unite in their homes and in their several places of worship in expressing praise and thanksgiving to God, the author of all blessings and the master of our destinies.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.
Done at the District of Columbia, this fifth day of November, in the year of our Lord, one thousand nine hundred and nineteen, and of the independence of the United States the one hundred and forty-fourth.

By the President,
ROBERT LANSING, Secretary of State.

RED CROSS DRIVE HAS BEEN STARTED

Have you hung a Red Cross card in your window? These cards are beginning to appear all over town and before many days the house that does not show one will be an exception. The third roll call has been issued and at a meeting held late Thursday afternoon at the Chamber of Commerce, plans were outlined for the membership drive for 1920.

The fees this year are the same as the past several years, one dollar for the members in alone. All that is necessary is to have a heart and a dollar. Then put a Red Cross card in your window. W. C. Bradley, Red Cross chairman and the committee named at the annual business meeting last week will be in charge of the campaign which will last throughout the week, and next week.

DECLARES HE IS HIGHLY PLEASED WITH NEW REMEDY

Well-Known Lima Citizens, suffered from Sluggish Liver, Weak Kidneys, Nervousness, Loss of Appetite and Constipation.

New Herbal Remedy, Dreco, Gave Prompt Relief and Made Him Feel Full of Energy.

"I have frequently gone without a meal to avoid the distress which usually followed eating. I have been troubled with indigestion, constipation, gas in my stomach, but it's all different now," says Mr. C. F. Protzman of 327 South Nye, Lima, O.

"My liver was sluggish and I often had dizzy spells; spots floated before my eyes; my tongue was coated and I had a foul taste in my mouth. My kidneys were weak, and I often had dull, aching pains in my back. After each meal I'd feel very uncomfortable caused by gas-tritis, which gave my stomach a full, bloated feeling, often with a burning sensation.

"I dreaded for night to come because I was so nervous I couldn't sleep, but would roll and toss from one side of the bed to the other, and when morning came would be more worn out and nervous than when I retired the night before.

"Since taking Dreco all these ailments have disappeared. My bowels act regularly; no more dizzy spells attack me; the bad taste and foul breath are gone. I stoop and bend over without a pain in my limbs, and all the aches in my back, in the region of my kidneys are gone. I sleep sound all night long, and have to be roused every morning. I can't say enough in praise of this great remedy Dreco.

Dreco is made from the juices and extracts of herbal plants, which act on the vital organs promptly and in a pleasing manner. Dreco does not contain iron, mercury, potash.

All good druggists now sell Dreco and it is highly recommended in Lima by Baldwin's Central Drug Store.

At Gregg's---Saturday, the Last Day of the Sale of

Women's High Grade Coats

It may seem strange to you that Coats of high Gregg quality could be offered underpriced at this time of the year, but the manufacturer's season is nearly over and they are anxious to close out their remaining stocks at a sacrifice. Our ability to pay cash, got us coats at prices even below our expectations. The values are so unusual that we do not hesitate to advise our friends and patrons to buy now for we believe that a better selection and greater values can be had now than in the January Sales.

The values are \$40 to \$59.50 which means were these coats purchased regularly they would sell at \$40 to \$59.50, and as our prices are invariably \$5 to \$10 lower than any other high grade ready-to-wear store in Lima, they will compare favorably with coats priced at \$45 to \$69.50 elsewhere.

IF BACKACHY OR KIDNEYS BOTHER

Eat Less Meat Also Take Glass Of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull t-a-c-y in the kidney region, you feel backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys, and stimulate them to normal activity; also to neutralize the acids in urine, so it is no longer a source of irritation; thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Short Plush Coats

The tremendous demand for Plush and Pile Fabrics has caused a shortage and as a consequence prices have soared. We will have in stock about 250 Plush Coats of our original, early purchases and marked at prices that prevailed in the spring, which are 25 to 40% under the market today.

Our Plush Coats are developed in the finest of the celebrated Salts Plush and Pile fabrics—they are cut over exclusive Fur Coat designs—shawl collars and either bell or turn back cuffs—lined in the finest of fancy pure silk linings. They are made up in wonderfully becoming models for women and misses, either plain or richly fur trimmed. Many have the new convertible backs, that can be worn either belted or loose.

Dependable FURS

Gregg Furs are captivating in their warmth, beauty and luxury. No evening or formal wardrobe is complete with a rich fur piece for the shoulders or a handsome fur wrap, while for every informal occasion and for everyday out-door wear they are by no means a luxury but practically a necessity when real cold weather arrives, and very desirable now to wear with the street suit.

Luxurious fur coats are shown in the very latest style conception—coats of every desirable fur—some trimmed in rich contrasting pelts.

Smart Coatees, Capes and Stoles of fashionable and serviceable pelts are shown.

Choker Collars of Fox, Mink, Raccoon, Fisher, etc., are here in a most gratifying display.

She Married an Average Man

I can scarcely eat or sleep, thinking about the New York plan. No one knows how I long to go East. Mother and dad are wedded in Conville. But I can never remember a day when I didn't dream some wild dream of getting away from home. Mother used to say I must be "changeling," for I seem utterly different from all the rest of the family. I think I'm an ancestral remnant—sort of an odd bit left over from some adventuresome forebear.

Jim and I have talked the scheme over every night and morning for a week. My heart cries, "Go!" But my conscience says, "Wait!" Think it over well. For it seems the plan of Charles Belmont's. And no matter how much I reason about it I cannot bring myself to trust him. A man who will stoop to the slimy little compliments he pays me whenever Jim's back is turned is not above business treacheries.

Yet he does nothing actually objectionable; nothing I can bring myself to tell Jim about. I did hint at it, but Jim chose not to understand.

Now the question is, shall I assert myself (I think I've been more inclined to assert myself since that talk the other day with Mrs. East of New York)? And try to dissuade Jim from entering any partnership with Belmont? Or shall I try to think, as Jim does, that he is a splendid business man and that this is Jim's big chance to launch out in his profession?

I am of a practical mind and there are some things I must find out definitely from Jim. Exactly how much he is making here. Whether it is entirely in the form of salary or part commission on engineering contracts obtained. What the arrangement with Belmont would be. How much business Belmont is apt to contribute to the partnership. And how much we could count upon to live on for I understand the cost of living in New York is very high. There is one thing Jim and I have never agreed upon, and that is a definite amount given me every week for household and personal expenses. It never occurred to me before marriage to ask Jim for a regular allowance or to inquire exactly his income. It seemed indecent somehow. But I shall never fail to write to him to get this thing settled beforehand.

Jim gives me charge accounts at the grocer's and butcher's and at Heany's department store. He never fusses at the bills, but I am always economical.

I would give anything for a little more cash at regular times and a little less of Jim's breezy generosity. "Whatever I have is yours, little girl; you know that; just order what you want."

I often have to ask him for a few dollars in cash for incidentals, or to buy a bunch of flowers for a friend's birthday. And I hate it!

I shall positively ask Jim these things when he comes home tonight. One vow I take right here and now: I shall never consent to go to New York without definite knowledge of the main particulars of my husband's business. I shall know more about this man Belmont, too. And I shall have a definite understanding with Jim about my allowance.

There is no reason on earth, come to think of it, why my services in keeping a satisfactory home should not be recompensed just as Jim's services outside the home.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."
—Mrs. LIZZIE COURTNEY, 108 5th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the change of life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of the treatment is at your service.

POLICE RAID BERLIN'S RED LIGHT DISTRICT

BERLIN—Fifty-one of the more notorious of Berlin's famous, or infamous, night-life cafes and cabarets, where all closing regulations were ignored, electric lights were burned until morning, and scenes of

drunkenness were enacted, were raided one night by the new safety police and squads of the old force. Countless arrests were made, the proprietors of 60 other cafes were notified that their turn was coming. There were so many that all could not be raided in one evening. The bands were playing, and all was joyous, when one lone police officer in plain clothes entered each of the 51 resorts. At first he was greeted with laughter but when the exits were closed most of the patrons and many of the managers, dived

for the cellars, where they were easily rounded up. As fast as they could be herded together they were placed in motor trucks guarded by the police and soldiers and taken to the police stations. The scenes were exciting, as women became hysterical and men offered huge sums of money for their release. It was a variegated throng that was gathered at the police station and finally at police headquarters at the Alexander Square. Some tried to laugh the affair away, others

were angry and all seemed to be ashamed of being caught. The throng included not only a number of illicit traders and their women friends, but several socially well-known people as well. The police announced the raids will continue. With the raids the authorities have incidentally accomplished a lessening of the illicit trade in food, for the cabarets and cafes, and gambling clubs, were the prime offenders, and boldly offered either free meals or meals at ridiculously low prices to prospective customers.

REPORTS TELL OF UNCLAIMED LAND STILL IN OHIO

Secretary Lane Says About
200,000 Acres Are Open
to Development.

REQUIRES DRAINING

Majority is in Southwestern
Part of State and
Along Lake Erie.

WASHINGTON, Nov. 7.—In a report of the house of representatives on the development of unused land Secretary of Interior Franklin K. Lane tell of the possibility of reclaiming 200,000 acres of now unused and uncultivated land in the state of Ohio. His report says concerning the possibilities along this line in Ohio:

"After inspection of existing data on drainage in Ohio and conference with state officials, the field investigations were confined to localities most likely to yield results. These areas are largely concentrated in the white clay region of southwestern Ohio, in the upland region between the Ohio river and Great Lakes drainage basin and in the Lake Erie shore swamps. The white clay lands can best be drained by the farmers themselves, as the problem is one of tiling rather than open ditch construction of magnitude.

Can Drain Swamp Lands.
"Along the shores of Lake Erie, mainly between Toledo and Sandusky, there are about 20,000 acres of swamp lands that can be drained by diking and pumping. These lands have soils adapted to growing onions, celery and other vegetables. On the divide there are numerous small swamps, some of which can be economically reclaimed. The largest of these is probably the Kilbuck swamp, in Kilbuck valley, Holmes county, and it contains only about 4500 acres. There is also a considerable garbage in various river valleys in the state that are subject to overflow, some of which are being reclaimed by the conservancy district. The total estimated swamp and overflow lands in the state is 200,000 acres. There are also opportunities for colonies on large holdings now farmed by tenants."

In describing lands in Ohio needing drainage Secretary Lane in his report includes 20,000 acres in Lucas and Ottawa counties, 4500 in Holmes and 175,500 scattering throughout the state.

INTERNATIONAL "Y" TO ASSEMBLE IN DETROIT, NOV. 15

DETROIT, Mich.—Many urgent issues are to be discussed in the fortieth convention of the International Young Men's Christian association which is to be held here November 19 to 21, according to the general officers of the organization. The gathering is expected to bring to Detroit upwards of 5,000 delegates, representing a membership of more than 1,000,000 men and boys and the 30,000 war welfare workers of the association who served during the war in 42 countries. There will be delegates from Canada, all of the United States and the insular possessions.

Co-operation of the Young Men's Christian association is assimilating back into civil life the 4,800,000 men who served in the American armed forces during the war and the 500,000 who served in the Canadian armies will be one of the big subjects for consideration. Stabilization of labor, curbing discontent and unrest, extension of the Y. M. C. A. work, through the war organization including the use of the "Y" war hut, and plans for world-wide expansion of the American Y. M. C. A.

Markets and Finance

STOCK MARKET IS IRREGULAR

NEW YORK, Nov. 7.—The uncertain money situation continued to hang over the stock market at the outset of today's trading, quotations showing a mixture of advance and recession. For the most part, however, changes were limited to fractions, the only important exceptions being some of the motors which rose at a decided rate. The price of the active steels were much lower with shipments. Rubber and chemicals issues represented the strong specialties and the low priced rails were again active and firm.

Trading continued to reflect professional pressure during the morning, leaders canceling their moderate gains while other recent stocks extended their early losses. Steels, equipments, motors and oils advanced and extra dividends of 1 to 1 points, Crucible being conspicuous for its reversal of 7 1/2. Pools were active in sympathy with the advance of the active steels. The American Lumber, General Chemical and Barrett gained 2 to 3 points. (Ralls moved with narrow limits and sharp gains were capped by a break of 1/4 points in Atlantic Gulf. Loans duplicated yesterday's initial rate of 12 per cent.

ELM ST. BRIDGE IS DISCUSSED

Just what will be done about the Elm street bridge, which has been condemned, has not been decided by city officials. It was announced this morning. Service Director Metheny stated, there is only one thing left to do that is, for council to appropriate sufficient money to repair the structure until a bond issue can be voted upon again by the people.

It was discovered that steel girder supporting the bridge had rusted in half and Service Director Metheny condemned the structure. He declared, he fails to see how the bridge has supported traffic this long.

The bond issue for the erection of a new bridge has twice been voted down by the citizens this year, and that leaves nothing for officials to do except to appropriate funds for its repair from city operating expenses. City Auditor Rupert states, he does not see how that can be successfully done as the city is unable to get along on its appropriation now.

It will cost approximately \$2,000 to repair the bridge, Metheny stated.

Convention Plans are Formulated

The twenty-third annual convention of the Ohio Elks Association will be held in Lima early next September. It is to be the largest ever staged before, according to the statement of James E. Brown, of Columbus, state president of the association. At this meeting, he stated an attendance of 10,000 from outside the city was expected.

President Brown in his visit here was accompanied by John W. Rankin, Columbus, Secretary; John N. Kaufman, Columbus, vice president; and Edwin Coughlin, Mansfield, Jesse W. Smith, Washington, C. H. and John Sherry, Baltimore, all trustees of the association.

J. W. Beall was chosen a member of the committee on credentials.

NO ONE IS BEING CONSIDERED NOW

The death of Commissioner James L. Heath creates a vacancy on the board of county commissioners that will be filled by appointment.

The board to appoint the new commissioner consists of the probate judge, county auditor and county recorder. No information has been given as to when the appointment will be made nor who will be given consideration by the committee.

DEATH OF CHILD

Mabel Smith, daughter of Mr. and Mrs. William Smith, of 711 Holly Street, died at 5:30 from complications of diseases. Surviving are father and mother and one brother, Kenneth.

Funeral services will be held Saturday afternoon at the family residence. Burial will be made in Woodlawn.

DIES AT HOSPITAL

Mrs. Sarah Glass died at seven o'clock Thursday evening at the Tuberculosis Hospital. She was 61 years of age. Washington Court House being her birthplace. She is survived by two sons, Francis H. Glass, of 3 Rowlands Row, and William Hastings, of Toledo.

Funeral services will be held Monday afternoon at 2 o'clock at the residence. Burial will be in Woodlawn.

CASE IS SETTLED

The cost of the Electric Magnetic Tool Co. against the Theo. G. Schild Co. was settled without record in common pleas court Friday.

TO HOLD RALLY

It has been ascertained that many Lima women want a Young Women's Christian Association organized and put on a sound financial basis.

An important rally and tea is to be held on Saturday afternoon in the Club and Recreation rooms, Morris Arcade at 2:30.

COMBINE SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wreth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not so full, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wreth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Is Handling New Form of Insurance

Glen C. Webb, well known Lima insurance agent, is announcing the sale of a new policy in Lima—insurance against loss from explosion of natural or artificial gas, and at a cost of only 100 per hundred for three years. Three residences in Lima have been ruined or nearly so by gas explosions in the last few months; one on east Kibby, one on east Elm, and still another on Franklin. Regular insurance does not provide against gas explosions.

BURKHARDT'S LEAD IS NOT CUT DOWN BY OFFICIAL COURT

There were no material changes made in the totals when the official count of the city election was completed last night about 9 o'clock, and Burkhardt's plurality remains at 21. However, Burkhardt and Hurley each gained one vote bringing their totals to 2,455 and 2,131, respectively.

Probably the largest gain registered by any candidate was that made by Geibel, democratic councilman from the second ward who defeated Cozad. Geibel gained two votes, while Cozad lost 26. This makes the winners plurality \$4. votes. In many other instances the candidates either gained or lost a few votes but it does not affect the standing of any.

Last night the count of candidates to frame the charter for the new commission form of government was made, and the fifteen men selected by the electors are: Walter S. Jackson, W. L. Dempster, W. L. Parmenter, L. E. Ludwig, G. A. Herff, Paul W. Crawford, C. A. Hiatt, F. J. Callahan, D. P. Bugar, H. L. Solomon, F. L. Van Golt, Walter Toy, L. J. Hanley, E. E. Welker and A. W. Cunningham.

These men will in the very near future start work on the drafting of new charter, while after completion will be submitted to voters for their approval or rejection. If the charter meets with the approval of voters, another election will be held at which five commissioners will be elected.

In the event voters reject the charter, the matter will be left to legal authorities, as there has never been an instance where the charter was refused, after the form of government was voted upon favorably. It is the belief of legal lights, however, in the event that the charter is rejected, it will simply mean the drafting of another one.

VETERAN SUCCEUMS TO HEART TROUBLE

Abdalla Snyder, 76, for many years a Lima resident and active member of Mart Armstrong Post, G. A. R., died suddenly at his home shortly before 9 o'clock this morning, from heart trouble. Mr. Snyder came down town early this morning to attend to some business, and was apparently in good health. He had been ailing, however, for some months.

He returned to his home, and was seated in the dining room near a stove. When Mrs. Snyder went into the room shortly before 9 o'clock, he found that he had passed away, death presumably having resulted from an acute attack of heart trouble. The deceased was retired for a number of years, and lived at 731 South Main street. He was well known among the older residents of Lima. His widow is the nearest surviving relative. A daughter-in-law Mrs. Sarah Snyder lives in Canton.

Funeral services will probably be held Monday at Grace M. E. church where the deceased was a faithful member. The Mart Armstrong Post will have charge of the services at the grave. Interment will be made in Salem cemetery.

A MUSICAL CHALLENGE

A negro rookie was on sentry duty when an officer approached, and the negro challenged him in a languid tone.

"That's no way to challenge" said the officer. "Sing out when you halt a man. Put some music into your voice! Now I'll approach again, and see how you do it."

When the officer got within 20 feet of the negro, keeping time with his feet, sang out: "Boom, tiddy-boom-boom!" "Halt! Who's there? How's that fur music, boss?"—Detroit Free Press.

MUCH TIME REQUIRED TO GROW SWEET CLOVER

Farmers found this season that for maximum yields of sweet clover on most acid soils on the hill land of Scioto county, four tons of ground limestone are needed per acre. Sweet clover has even failed to thrive on neutral soil. Tests were made on a number of farms in the county in co-operation with the county farm bureau.

ALLEN COUNTY BEHIND QUOTA

Memorial services commemorating the life and works of Theodore Roosevelt will be the purpose of a Sunday meeting for men at the Y. M. C. A. on next Sunday afternoon, November 9, at 2:30 o'clock. Rev. Franklin A. Stiles will deliver one of the most eloquent speakers in the city. Rev. Stiles is an ardent admirer of Theodore Roosevelt and his address on this occasion should be heard by every man in Lima. There was something about the life of Roosevelt which inspires most men and the memory of his deeds and life is a rich heritage which will continue to inspire men to higher planes of thinking and doing.

Eugene Lippincott, chairman of the Allen county committee of the Roosevelt Memorial Association, announces the county has so far fallen short of their quota for the Roosevelt memorial. The quota for the county he says was set at \$4,175 and up to the present time only about \$500 has been reported. This has been in donations from one cent to ten cents from the school children he said, very few other contributions having been received.

Treaty Change Beaten in Senate

TREATY CHANGE. WASHINGTON, Nov. 7.—In the first test of strength on the reservations to the peace treaty proposed by the foreign relations committee the senate refused today, by a vote of 48 to 40 to strike out the provision which would require acceptance of the reservations by the other powers.

Senator McCumber, North Dakota, was the only republican who voted to strike out. Three democrats, Reed, Missouri; Walsh, Massachusetts and Gore, Oklahoma, voted with the republican majority.

INFANT DIES

Robert Eugene Thomas, four months old son of Mr. and Mrs. Oscar Thomas, two miles west of Lima on the Shawnee Road, died at 12:30 Friday noon.

Funeral services will be held Saturday afternoon at 1:30 at the family residence. Burial will be made in Shawnee cemetery. Rev. Hartner to officiate.

There will be a reception as an opening of the week, Sunday evening from 5:00 to 6:00 and all of the young people of church and their friends, are invited to be present.

"Wapak Night" at Elks' Jubilee

J. W. Beall of the Lima Elks lodge received word early Friday afternoon that a special car will come over from Wapakoneta Friday evening bringing Elks from the Wapakoneta lodge to attend the big jubilee at the Elks Home. The local Elks have made arrangements to meet them at the train with a band and escort them to the home.

DEFEAT GORE PROPOSAL. WASHINGTON, Nov. 6.—The peace treaty amendment presented by Senator Gore, democrat, Oklahoma to make an advisory popular vote mandatory before any declaration of war under the league of nations, was rejected today by the senate.

The vote was 67 to 16 Republican Leader Lodge and other leading republicans voting against the amendment.

ANKLE IS CRUSHED

Charles C. Pepple, of 412 south Jackson Street, had his ankle crushed while at work in the assembly department at the Garford Motor Truck works at 1:15 Friday afternoon. The Williams and Davis ambulance was called and removed him to the City Hospital where it was necessary to take an x-ray of the ankle.

STRIKE TROUBLE LOOKS BETTER

WASHINGTON, Nov. 7.—Mr. Gompers and other officials held two conferences with Attorney General Palmer and were to see him again later in the day. It was intimated that meantime Mr. Gompers would consult with John L. Lewis, acting president of the miners' union over the long distance telephone.

Neither the attorney general nor the labor chief would say what had transpired. Mr. Gompers' manner indicated, however, that he regarded the outlook of settling the strike as hopeful. The general impression was that the government would agree tomorrow to a postponement of all court proceedings against the mine union officials for one week.

Billstein Should Have Bet Last

Plainclothesman Charles Billstein, the proud possessor of a new Remington automatic pistol, Friday morning was very anxious to lay a small wager with Chief Roush that he could hit a six-inch target at 80 feet, three times out of the first five shots. The wager was laid and Billstein opened fire and succeeded in shattering bricks within a radius of two or three feet of the target, but almost never touching it and thereby lost to the chief. The next three shots hit the target directly in the center but too late to save the plainclothesman's reputation—and his bet.

Young Man Victim Of Heart Trouble

Following an illness of less than a week's duration from diphtheria, a Ray Merle Leatherman, 34 years of age died at his home, 127 West Grand avenue, shortly after 6 o'clock last night. He was taken ill a week ago, and recovered somewhat from the effects of diphtheria and his death was directly caused by heart trouble. The deceased was the only son of Mr. and Mrs. Frank Leatherman, of Lima. He was an employee of the northside branch of the Deisel Wemmer Co.

Besides the widow, Mrs. Hazel Saltz, Leatherman, his parents are the only surviving relatives. On account of the nature of his sickness,

private funeral services were held Friday afternoon at 3 o'clock at the chapel at Woodlawn cemetery, Rev. Walter D. Cole officiating.

J. L. HEATH DIES THURSDAY EVENING

James L. Heath, county commissioner, and one of the widest known residents of Allen county passed away at his home, 231 North Jackson avenue, at 6:30 o'clock Thursday night, following an illness of several months from hardening of the arteries and heart trouble.

Mr. Heath was inducted into office September 15 last, and served but a few days in his new duties when he was taken ill. The deceased served as county commissioner four years ago, and immediately after election moved from his former home in Lafayette to Lima. After being out of office one term he was re-elected in 1918. Heath was the son of Mr.

and Mrs. Gilbert Heath, and was 61 years of age at the time of his death. He was a member of the Lafayette Masonic lodge and was also affiliated with the Christian church.

Surviving are the widow, Mrs. Sarah Heath, three sons Ralph of Milan, Mich.; Paul and Richard of Lima, and a daughter Mrs. M. A. Barber of Lima. Funeral services will be held Sunday afternoon at 1:30 o'clock at the Lafayette Christian church. Rev. E. A. Watkins, pastor of the First Christian church, Lima and Rev. Foltz of Lafayette will conduct the services. Burial will be made in Lafayette.

DEATH OF FORMER RESIDENT R. M. Hughes, 726 West Market street received a message Thursday evening announcing the death of a

relative, Mrs. Mollie Detweller, which occurred yesterday at her home in Chicago. Mrs. Detweller was formerly Miss Mollie Hughes, a daughter of the late R. T. Hughes, who died last spring.

A brother C. M. Hughes of Beaver, Pa., and a daughter, Lenore, survives her. The body will be accompanied to Lima for burial. Funeral arrangements will be announced later.

INFANT DIES Mabel W. Smith, six months old daughter of Mr. and Mrs. William Smith, 710 Holley street, died at the home of the parents last night following an illness of several weeks. Funeral services and burial will take place Saturday.

LINEMAN INJURED Merle Moorhead, 1086 Arch avenue was painfully injured late Thursday afternoon when a large insulator on a telephone pole near which he was working fell striking his ankle. He is an employee of the Lima Telephone and Telegraph company, and was working at Collett and Elm streets. He was taken to Dr. Vail's office for an X-ray examination, and then to his home.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener.

Simple as A, B, C. Never fails. If you have ever tried to get rid of a corn by bandaging up your foot with bandages, or by using salve that milt, you too red and almost raw or tried to dig your corn out with a knife there will be a surprise waiting for you when you use "Gets-It." Imagine feeling your corn out easily and painlessly. Just use this "Gets-It" and you will find that it is a real corn looser. Millions of people have used it and suffered less and spent a good time for yourself and your friends or your peace of mind. It is a real corn looser. It is a real corn looser. Few Lima Citizens Realize True Value Of Local Museum

There are, undoubtedly, many buckles, ornaments, a copper kettle, Lima persons who have lived at this spot in Amanda township whose ancestors lived here before their who are not aware that a large room on the second floor of Memorial Hall has been reserved by the Allen County Historical Society for their historical room and museum. In this room are some of the rarest and finest specimens in existence. Nearly one entire side of the room is covered with glass cases in which are filled relics, which the pioneer families of Allen county used.

In addition, there are all kinds of spinning wheels and everything used in those days for making linens, from the flax to the loom. The society also has a tin reflector used in 1832, and which when placed before an open fireplace, would give back with heat which to do the haling. A splendid collection of lamps are also on exhibition, from the large dip and double dip lamps used in 1832, the oil dip candles, the fluid lamps, up to the case oil lamp. A very rare lamp on exhibition is the Rush lamp user prior to 1830 and which came into the possession of the Caldwell-Jones family of Allen county. Many collectors have traveled miles to come and view this lamp, only a few of which are still preserved.

A varied collection of cooking utensils, and iron sausage grinders, tarbuckets, and dishes are also kept. Six plates are on exhibition which are more than 125 years old. A handsomely colored bed spread the linen flax for which was grown and woven here by John Meley, in 1816 is still in perfect condition.

Among some of the valued relics is the first iron safe brought into Allen county and used in the old log cabin court house which stood where the Porter Music store, on South Main street is now located. The trunk brought here by Dr. William McHenry, the oldest physician in the county when he came here on horseback in 1835, a small grand piano brought by an Allen county pioneer family from Germany more than 150 years ago, a French clock, age unknown, brought from New Orleans before the war of 1812.

In addition there is the hand sewing machine in the Brees family in 1838, a sewing bird, which is very rare, old accordians, fife bellows for blowing fires a beaver hat worn in 1800 by Henry Phillips, and the Allen newspaper files dating back to 1848.

The collection of guns and ammunition is very valuable, one of the most important exhibits being a Moller McGuire gun used during the Civil war period and which is extremely rare. There are the sawed off guns used by vegeman in the famous Voakum robbery, of 1905, and which after being used by the state as evidence were turned over to the society. A German beheading axe, rare types of guns from various countries.

For those who are interested in the early history of our own county there is the case of relics taken from the Rice mound west of Lima, known as the Indian burial ground and which shows evidence of the dealing of the French Jesuit Fathers and traders with the early Indians as far back as 1700. Footwear for Cold Weather

For the sake of health and comfort, it is wise to wear rubbers in cold or wet weather. Stocks of rubbers are prepared this week in the Goodings Stores for those who want to buy early and so get ready for the colder weather predicted to arrive soon.

Now is a good time to buy rubbers, as the completeness of the stock makes it possible now for us to supply practically all ordinary sizes in buckle styles for Men, Women and Children.

With pumps and oxfords, many women are wearing overgaiters, nine button in height. Colors in great demand and fawn, brown and gray. Fine Kersey and broad cloth overgaiters for women are priced at \$2.00, \$3.00 and \$3.50; imported box cloth at five dollars.

In the house, many men, women and children expect a service of warmth and foot comfort from felt slippers. Winter stocks are ready at Gooding's; all the desired colors, in highest quality felt. To keep the feet warm at night, we suggest Eiderdown bed socks; in gray and red for men; in gray, pink and white, and blue and white, for women.

emotions of his audiences by the simplest and most artistic means. His picture, made from the story, "The Chink and the Child" taken from Thomas Burke's "Timehouse Nights," contains less than half a dozen characters, and yet its appeal to the deeper emotions is quite as striking and potent as was the appeal of "The Birth of a Nation" or "Hearts of the World."

Mr. Griffith says: "I make no pretense to be the spokesman of the motion picture, and yet, because of the novelties that it has been my good fortune to introduce, people expect me to prophesy as to the future of this form of entertainment. Of my own plans, hopes and ideals it would be sheer egotism for me to speak and yet I may say that I can discern a time coming in which closer and ever closer shall come the art of the spoken drama and the new art in which the motion picture camera plays so large a part."

LYRIC—"Children of Banishment." Mitchell Lewis' Select Picture, is one of the biggest and finest pictures of the northwest that has ever been filmed.

Mitchell Lewis has the role of Dick Brown, the foreman of the Hill and Burchard Lumber Company. Allen Mackenzie and his wife Eloise, in their course of mysterious wanderings "from somewhere to nowhere"—the "children of banishment"—enter Dick's life and become his partners in his effort to purchase a vast tract of forest.

How Eloise sends her husband after Dick to ask him to return is pictured in the exciting climax of the story.

FAUROT—"OH, MY DEAR"—"Oh, My Dear," the sixth New York Princess theatre musical comedy success, which Messrs. Comstock and Elliott will present at the Faurot tonight, can boast one of the most unique settings and plots ever known on the musical comedy stage. True, it would seem that almost every possible setting had been used for musical comedy, but "Oh, My Dear," is laid at a sanatorium, and deals with the woes of a married devotee of wine, woman and song, a stranded aviator, and a mechanic who has assaulted a man; not to mention the troubles of numerous young women.

Naturally it is an extraordinary sanatorium which "Oh, My Dear," presents, a beauty spot, fairly glowing with beautiful girls, gorgeously gowned in the latest Parisian fashions, with melodious songs, and witty epigrams and comic situations float about as naturally as if they belonged there.

FAUROT—"FRIENDLY ENEMIES"—A splendid company will interpret "Friendly Enemies," the greatest of all comedy successes which A. H. Woods will present at the Faurot on Saturday for an engagement of matinee and night.

This world-famous play which has been seen by millions of people and whose popularity shows no sign of abatement, needs no introduction to playgoers of this city. A mere announcement of its coming is sufficient to arouse the keenest interest. There is every indication that the play will be accorded as enthusiastic a reception in this city as it had throughout the English-speaking world.

ORPHEUM—Though he expects one of the most severe contests he has undertaken since he won the title of champion hard shoe endurance dancer of the world at Madison Square Garden, New York City, Al Lemon is confident that he will defend his title successfully on the stage of the Orpheum, in Lima immediately after the first show at that theatre tonight, when he meets all comers. Members of the audience at the show at the Orpheum tonight will be the guests of the management of theatre without extra charge at the dancing contest. Cash prizes will be awarded the winners. The audience will be the judge. The amount of applause will determine the winner and there will be no appeal from the verdict.

Several of the state's best dancing academies and schools of dancing are located in Lima and a number of former professional dancers reside in this city, so that Lemon tonight is expected to face genuine talent in his defense of his title. At least six challengers are expected to appear against him. All that is necessary to enter this contest is for those desiring to complete for the prizes to leave their names and addresses at the box office of the Orpheum any time before the actual hour scheduled for the event.

Was Not Personal

THERE IS NO grounds for the statement that Lima voters on Tuesday turned down Colonel John Harley for personal reasons. On the other hand, many a man voted against the Colonel and hated to do so, but felt that the republican gang in Lima needed a good setback.

The Times is very proud to say that during the entire campaign it had not a word to say derogatory to Colonel Harley. This paper regretted that he entered the race, because the gang was due for a trimming and needed it, so arrogant had it become.

The friends of Colonel Harley have a right to feel that his defeat was not personal. Under the circumstances, he made a splendid race.

An Insulting Proposition

JOHN J. PERSHING is a better man than we thought he was—and we thought he was good enough—if he is sincere in a recent statement which he made. When asked if he would be a candidate for president, this is what he said:

"I am not in any sense a candidate for the presidency. You must take that in its widest meaning and application. I am not even a receptive candidate. It looks to me like an insulting proposition to imagine that I would capitalize the honors the American people are thrusting upon me by trying to convert them into votes for the presidency."

There is no reason to doubt his sincerity. There is every reason to believe he meant what he said, and felt it. His nation has honored him beyond other men and he has honored his nation. So why should he seek, as he says, to capitalize this honor into votes for office? But when a man talks that way one begins to think that we need just such men in public places.

They Will Come Back

NO ALARM need be felt at the announcement that the aliens who were with us during the war are returning to their homes in increasing numbers. They will come back. These people are not going to remain in Europe when they are badly needed in this country; they are returning now because they are not so badly needed over here—and to find out what became of friends and relatives during the war.

As soon as there is a considerable demand in this country for foreign labor, the foreign labor will meet the demand. Crossing an ocean has come to mean little. The laborer in Hungary, in Italy, or anywhere else on the other side, keeps advised of labor conditions on this side. When he knows that wages are high and a job easy to obtain in this country, he is going to come here to take the job and secure the wages.

Wages are high enough and work sufficiently plentiful to hold many of these aliens in this country if it were not for their desire to find out about the effects of the war upon their friends and relatives. All of them are not returning because they can not find employment at remunerative wages, most of them perhaps are going home for the time being only, with expectations of returning. But whatever their reasons for leaving us at this time, they will come back. Few people who have been in this country and enjoyed its advantages are going to be satisfied in troubled Europe for any length of time.

GOOD LUCKING.—If all the folks could really talk in public that insist on trying it, there would be a new epoch of oratory that would put Demosthenes and Daniel Webster's names out of the calendar.

In spite of all the advertising we suppose it will be a long time before a punctured tire and a perfect man are produced to any degree of satisfaction.

There may be something in the assertion that there is danger in a hand-hake from a sanitary point of view, but no politician will refuse to take the risk.

If some system could be devised so that the consumers could all walk out for about a year and a half, and stay out, the strikers and capital group would have something genuine to worry about.

HAPPY THOUGHT: Begin to plan your Christmas.

OUR BED-TIME STORY

FOR TINY TIMES-DEMOCRAT FOLKS

When the sun had gone down the first morning in the bedroom where the little old woman had put them, they couldn't remember at first, being they were the room, which looked just like a room, but when they looked at the door, they saw a sign that said "WOMAN'S ROOM" and they were a little bit worse now. The children sat up in bed and stared at each other for a full minute before either spoke.

Both of them could remember what had happened to them the day before—the kidnapping, the long stay in the attic, the ride in the auto and then the arrival at the house of the little old woman. But the day seemed so bright and everything was so quiet, and a few minutes that both of them thought they had just dreamed it all. But just before they had time to think about it long the door was unlocked and the little old woman came in. She looked worse than ever in the daytime, and both the children slipped back on the bed tight up against the wall in fear as she came toward them. The wicked grin which had given them the shivers the night before was more evil looking than ever.

She didn't say "good morning" or ask them if they had slept well the way Ladydear always did. She just threw onto the bed the dirty clothes they had worn the night before and said in her harsh voice, "Hurry up and dress and I'll give you a bite to eat. If you don't hurry you won't get anything."

A couple of pig tears bobbed up in Jane's eyes and the little old woman saw them. "If you start crying around I'll keep you locked up all day in this room. I can't fuss with any crying brats." Then she went out, leaving the door partly open.

Jack and Jane crawled out of bed and put on the dirty clothes left for them. And, being in the habit, as all well trained children are, of washing thoroughly and scrubbing

THE SLOGAN OF THE PEOPLES STORE

Upon the unshakable foundation of giving wage-earners their money's worth—we built up what we believe the largest credit clothing business, not only in this section, but throughout the country.

We pleased those men and women who were our first customers—gave them their money's worth, offered them Styles of the Moment, extended them the privileges of our dignified CREDIT PLAN—and those men and women came back when they had a new Suit or Coat to buy and with them came their friends. Pretty soon, our business began to grow, and it's been growing ever since. All this has been accomplished without a miracle, even though we have been able to do such a large business in so short a time. It's been merely a matter of steady and constant growth.

In the history of this city's merchandising, there has never been anything like the crowds of wage-earners who are thronging this big Charge Account store. It is because folks are finding here such things as

LXXVI—PAUL GOES TO WAR

Paul left for a temporary camp shortly after Bob Calloway sailed for France. I drove my husband to the station myself, wearing my smartest new autumn frock that he might go away with a pleasing mental picture of me. Not that I was so terribly concerned about Paul's last sight of me, but deep in the heart of every woman is implanted the desire that each man who has loved her shall remember her when she looked her best, and memory has a strange trick of eliminating all but the last glimpse we have of an old sweetheart.

It had been decided that I should accompany Paul to the shore for a few days that the shock (?) of separation might be tempered by a different environment, so after Paul's train pulled out I went back to the waiting room to look for Paul.

The first person I ran across was Berry Williams with a huge box of bon-bons under one arm and a popular novel under the other. He tendered his gifts with characteristic boy shyness.

"Say do you ever eat this stuff," he said, thrusting the box into my hand. "And here's a book that's a lot of mush."

"Don't tell me you've escaped Auntie's watchful eye?" I gasped. "Gosh, wouldn't it make you sore to have anybody keeping tag on you, like she does me?" the boy burst out.

"But you're so young!" I taunted him. He flushed with annoyance. "I'm old enough to know what I want to do," he declared sulkily.

"But not to know what is good for you," I qualified. "And dancing attendance on young matrons is not. I hear you are to have a fortune some day. You are very good."

"What's the use of the money if you can't have a good time when you're young?" he said gloomily. "Do you have a good time with Mr. Berry?" I asked softly.

He looked at me with such utter devotion that I left a little pang of regret. How nice it would be to be young and sweet and adorable as the girl he would some day marry.

No, the tokens of a nice young man," I answered sweetly. "My word, you don't wait long." Paul stared at me curiously. "Come on, our train is posted."

As we started through the concourse, an officer caught up with us. It was Captain Frazier and the grim set of his jaw caused me a qualm. "How do you do," I greeted him airily. "Did you come down to see how I bore up under the ordeal?"

"Which ordeal?" he asked me with a level glance. "Ma! Calloway has gone, then I take it?" Paul gave me a glance of amazement.

"Why—" she began and checked herself quickly. My last faint hope of reprieve met a violent end. Captain Frazier was running true to prediction. Tomorrow—A Pair of Grey Eyes (Copyright, 1919. By The Wheel-Syndicate, Inc.)

Elizabeth St. Woman Says "I Must Give All Praise to Nuxite For the Great Good It Has Done Me"

CHAS. A. BRACKER ADDS TESTIMONY

Says "Nuxite Relieved Me of a Disordered Stomach And Run Down System"

There are few better known traveling men in the state of Ohio than Charles A. Bracker, who lives at 21 Niagara Ave., Dayton, Ohio, and covers practically every city and village in the state. Mr. Bracker visits Lima every week, and while here recently he related his experience with Nuxite.

"I have been troubled with a disordered stomach and run-down system for a number of years," said Mr. Bracker. Continuing, he said, "I had a weak feeling in the pit of my stomach, and felt tired and draggish most of the time. My appetite was poor, and what little I did eat, disagreed with me, and didn't seem to give me any strength. I kept going, but seemed to get worse, and traveling around over the country being half-sick all the time caused me to become extremely nervous."

"Nuxite had been called to my attention a number of times by friends of mine and I decided to try it. After taking the first bottle I noticed a marked improvement in my condition. Since then I have always kept a bottle of Nuxite in my traveling bag, and needless to say, I would not be without it. I strongly recommend this good remedy to any one who suffers with a disordered stomach or run-down system."

Nuxite may be secured at Hunter's Public Square Drug Store.

Declares Nuxite Has Done Her More Good Than all Other Medicines She Ever Used.

Mrs. Michael Rixinger, 734 South Elizabeth St., Lima, is outspoken and enthusiastic over the results she has obtained through the use of Nuxite.

"I was so sore across the back that I could hardly get up in the morning," says Mrs. Rixinger. "My joints and muscles ached and I felt tired, weak and worn out most of the time. I often suffered with headaches, and my complexion took on a yellowish tinge. My liver and kidneys were not acting properly. I had dizzy spells and was often compelled to lie down and rest several times a day. There were circles under my eyes and I was nervous and irritable."

"I began taking Nuxite because I believed it was a good medicine, and I was right about it for Nuxite has helped me more than any other medicine I ever used. I believe Nuxite is surely the greatest tonic in the world, and I must give it all praise for the great good it has done me. That tired weak feeling has left me, and my muscles, joints and back don't ache any more. My complexion has cleared up and from the way I feel, I know my liver and kidneys are acting all right. I will always praise Nuxite and advise my friends to take it when they feel the way I did."

Nuxite, to which Mrs. Rixinger refers, may be obtained at Hunter's Public Square Drug Store.

LOCAL DRUGGIST SAYS NUXITE IS FULL OF MERIT

Charles M. Hunter Reports Nuxite Giving Excellent Satisfaction

Charles M. Hunter, proprietor of The Hunter Drug Stores and well-known Lima druggist, has been deeply interested in the phenomenal record being established by Nuxite here in Lima. He has talked with large numbers of his customers who are using Nuxite and when recently asked what opinion he had formed on this new preparation, he said, "The Nuxite sales have been large indeed, and best of all, Nuxite is full of merit and is giving excellent satisfaction."

SPECIAL NOTE
Nuxite Ointment may now be obtained in Lima. This preparation is a combination of penetrating, healing, antiseptic, essential oils, with other medicinal ingredients in a suitable base. It is a local vapor treatment and is highly recommended as an auxiliary treatment, and air in the prevention of influenza, colds in the head and chest, pneumonia, nasal catarrh and spasmodic croup.

Nuxite Ointment is being sold at Hunter's Public Square Drug Store under the special direction of W. R. Cooper, the Nuxite representative.

GRIFFITH PREPARES FOR INVADING OLD ENGLAND

AKRON, Nov. 7.—Johnny Griffiths, the Akron Flash, will appear in the two biggest welterweight scraps England has this fight season, when he makes his European tour, starting early next month.

The Flash will battle Francis Chiles the French sensation, in a 20-round bout at London on the annual English "boxing day," December 26. Pat Moore will meet McDoux on the same card, while Eddie McGoorty and K. O. Brown will go one in the curtain raiser.

Some time in January, Griffiths will fight Johnny Busham for the welterweight championship of Europe. The bout at London on the annual English and promises to be one of the greatest drawing cards in all fight history on the islands.

Griffiths has not only fought in practically every state in America, but sev-

eral years ago made a tour of Australia with Berle Strapp, during which he defeated every lightweight he met.

With the completion of his European tour, Griffiths will practically have fought all over the world.

Plan Elaborate Trip. Manager Tommy Walsh was in Akron yesterday preparing the trip. Applications were made for passports as Griffiths expects to leave New York about December 4 or 5. He will be accompanied by his manager and the other American boxers, who will appear in the British battles.

The trip will cover approximately 10,000 miles. Griffiths expects to return to his Akron home some time next February or March, when he will be ready for any of the American stars.

Following his boxing engagements, Griffiths plans to make a tour of the famous battlefields of the world.

BOB MARTIN MEETS MORAN NOVEMBER 11

AKRON, Nov. 7.—Bob Martin, champion of the A. B. F., who won his opening fight here a week ago last night when he stopped Joe Bonds in the eleventh round at the Armory, will make his second appearance at Minn-saults on Nov. 11, Armistice day.

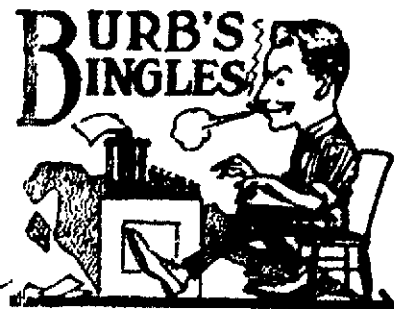

Martin has been booked for a 10-round battle with Jack Moran, who has met practically all of the star heavyweights, including among others, Fred Fulton.

The Martin-Moran bout has been booked as an added feature attraction.

Reds Will Train at Waxahachie

CINCINNATI, O., Nov. 7.—The Reds will return to Waxahachie, Texas, for their spring training next year. This was practically decided upon yesterday at a conference between President Herrmann and Manager Pat Moran of the world's champions, who arrived in Cincinnati quite unexpectedly.

SPIKE THE FLU'S GUNS NOW IS THE BEST OF ADVICE

Don't Wait Till Winter Comes With a Return of the Epidemic.

Where did influenza come from? Is it an old or a new foe to man? Is it breathed in from the air or drawn from human victims?

Who can answer these and other questions suggested by an epidemic that gripped multitudes of Americans last winter at the cost of tens of thousands of lives? Wiseacres try to answer them and see how they differ—especially the doctors.

But with another winter around the corner the vital question arises: Has my system power to ward off the "flu" if it comes? On the answer may hang countless human lives.

Ever since this epidemic began last winter these columns have carried statements signed by well known flu-victims whose systems were rebuilt after weeks and months of suffering by the use of Nerv-Worth. Influenza is a vicious wreck-er of the nerves, the stomach, the bowels, the liver and other vital parts of the system. Upon these are centered influenza's worst after-effects. Nerv-Worth drives out these after-effects by rebuilding the organs in which they chiefly have their seat.

And what it did last winter and afterwards in rebuilding disabled organs it can and will do now to fortify them against influenza's attacks. Nerv-Worth druggists and Nerv-Worth salesmen, after freely comparing notes, declare that the fewest number of their customers who took Nerv-Worth regularly last winter and spring were visited by the disease.

Begin to take Nerv-Worth now. Nip the very firstlings of influenza in the bud. An ounce of prevention is worth a pound of cure. Fortify your system by taking Nerv-Worth right along for weeks. Your forethought will not be lost even if the epidemic does not return, for Nerv-Worth steadies and strengthens the nerves, adds flesh, aids digestion, whets the appetite, restores restful sleep, banishes sick and nervous headaches and other aches and pains builds up run-down systems; and this is a great work to do for ailing humans, influenza or no influenza.

Butler's Drug Store, Main and Ribby; The Central, Main and High; Everybody's, Main and Vine; Hunter's, 49 Public Square, sell Nerv-Worth in Lima.

Frank Hurlinger sell Nerv-Worth at Beekmantown Central Drug Store, Wapakoneta; J. H. Wahnhoft, Delphos; Pfeils Drug Store, Sidney; Gibson's, Kenton; Powell, Bellefontaine.

CENTRAL HIGH TO MEET KENTON TEAM

South Siders Will Try Their Luck Against Fostoria Saturday.

Both local high school teams, feeling confident after their respective struggles last Saturday, will stack up against teams tomorrow and feel assured they will bring home the bacon. Central Hi will journey to Kenton, while South Hi will meet Fostoria at the College grounds.

The Fostoria aggregation is considered one of the strongest school teams in the state, and the locals will have to travel faster than usual if they wallop the visitors.

Central is confident they will walk right through the lines of the Kenton lads, and thus add another pelt to their string.

ROLL CALL BEING SOUNDED BY LIMA RED CROSS CHAPTER

The "Third Red Cross Roll Call" is being sounded, and it is hoped that every Allen county man, woman and child will join this great organization for doing good. The popular slogan, "All you need is a heart and a dollar," explains the idea of the roll call.

Following this membership campaign the work of the Red Cross will embrace civilian relief extensively, besides helping disabled service men and their families. Since the cessation of the war, man people have asked "Why are the people of the Red Cross still after money?" and it is hoped that the answer may be found in the following article which was written to clear away the doubts and question that fight be asked:

AT HOME.

1. Organization of the nation's health forces to co-operate with existing agencies and by independent action in unorganized communities. Education of housewives, school children and other groups of foot preparation, home hygiene and care of the sick.
2. Expansion of Home Service in those communities where no similar service exists to provide the help to civilian families of our fighting men. In ninety per cent of the Home service communities there existed no similar agency. Providing an information service to explain facilities offered by the government and private sources. Inspiring co-operative effort to make communities safer and better place in which to live.
3. Emergency relief in epidemic and disaster.
4. Permanent duty with the arm and navy.
5. Helping the nation's fighter back to civilian life.
6. Child welfare work.
7. First Aid.

1. Relieving distress among war sufferers and helping their country recover from the war.
2. Distribution of surplus stored by the American army.
3. Helping the war orphans of Europe through the Junior Red Cross.
